

# Wild Animal Material Supplier Statement - Petfood

Ministry for Primary Industries  
Manatū Ahu Matua

Effective from 5 May 2017

This statement is made for the purposes of clause 7.14 (2) of the Animal Products (Specifications for Products Intended for Animal Consumption) Notice 2017.

Approved supplier name and identification number:	
Petfood primary processor name:	Date and time of delivery to the primary processor:
Number and species of wild animals covered by this statement:	

## Consignment Details and Poison Use (see note 1):

Unique identifier for each carcass/group of carcasses (see note 2)	Waypoint or topographical map identifier(s) (see note 3)	Date and approximate time animals were killed	Date and time animal material was subject to chilling or freezing	Covered by a poison use statement or DOC Pesticide Summary? Tick if yes (✓)

- |  | Yes                      | No                       |
|--|--------------------------|--------------------------|
| a. Have these wild animals been harvested from areas free from poisoning operations (including buffer zones and caution periods)? (see note 4) | <input type="checkbox"/> | <input type="checkbox"/> |
| b. Were the live animals and carcasses free from visible signs of illness or disease?  | <input type="checkbox"/> | <input type="checkbox"/> |
| c. While under your control, were the carcasses maintained under conditions that minimise contamination and deterioration?                     | <input type="checkbox"/> | <input type="checkbox"/> |
| d. Have these wild animals been frozen?  | <input type="checkbox"/> | <input type="checkbox"/> |
| e. Does this statement cover wild possums or deer?   | <input type="checkbox"/> | <input type="checkbox"/> |
| If yes, have the possums and deer been harvested from areas declared Tb vector free by TBFree New Zealand?                                     | <input type="checkbox"/> | <input type="checkbox"/> |

## Signature:

I confirm that:

- I am an approved supplier who directly supervised or carried out the hunting, killing, and dressing (as appropriate) of the wild animals; and
- all statements made in this document are true and correct.

I am aware that this statement will be received and retained by the petfood primary processor and may be provided to the Ministry for Primary Industries for the general administration of its functions. I consent to that happening.

Approved supplier signature: \_\_\_\_\_ Date: \_\_\_\_\_

It is an offence under section 127 of the Animal Products Act 1999 to provide false or misleading information in this statement. Under the Privacy Act 1993 you have certain rights of access to and correction of personal information held about you.

**Notes:**

**1. Consignment Details**

Use additional signed and dated pages if more space is needed to list the carcasses in the consignment covered by this statement.

**2. Grouping of wild animals for identification purposes.**

You may tag or otherwise identify groups of wild animals where they:

- (i) are covered by a single poison use statement or DOC Pesticide Summary, as appropriate; and
- (ii) have been taken from areas of land that have the same poisoning status; and
- (iii) have been killed on the same date; and
- (iv) have been killed and dressed by or under the direct supervision of the same approved supplier.

**3. Geographical area.**

The geographical area from which the animals or groups of animals were harvested must be clearly defined using either Global Positioning System or topographical map grid reference points or other system acceptable to MPI. This area must also be able to be related to the Landowner/Manager Poison Use Statement or the DOC Pesticide Summary.

**4. Poison Use**

Animals must not be presented for petfood processing if the animals were harvested from land on which any of the following poisons were laid, or within the applicable buffer zones of that land, unless the applicable caution period for that poison has passed between the time the poison was laid and the time the animals were harvested. The applicable buffer zones and caution periods for each poison are set out in the following table.

Poison Group	0	1	2	3	4	
Poison	<ul style="list-style-type: none"> <li>• Cholecalciferol</li> <li>• Hydrogen cyanide</li> <li>• Phosphorus</li> <li>• Potassium cyanide</li> <li>• Sodium cyanide</li> </ul>	<ul style="list-style-type: none"> <li>• Para-aminopropiophenone</li> <li>• Sodium nitrite</li> <li>• Zinc Phosphide</li> <li>• Any other poison not covered in groups 2 to 4 (except cyanide or cholecalciferol).</li> </ul>	<ul style="list-style-type: none"> <li>• Diphacinone</li> <li>• Pindone</li> <li>• 1080 (if 100mm of rain has fallen)</li> </ul>	<ul style="list-style-type: none"> <li>• Coumatetralyl</li> <li>• 1080</li> </ul>	<ul style="list-style-type: none"> <li>• Brodifacoum</li> <li>• Bromodiolone</li> <li>• Difethialone</li> <li>• Difenacoum</li> <li>• Flocoumarfen</li> </ul>	
Caution period (all species)	None	1 month	2 months	4 months	3 years	
Buffer Zone	Rabbits	0	200m	200m	200m	200m
	Hares, thar wallabies, possums	0	1 km	1 km	1 km	1 km
	Goats (excluding thar), deer	0	2 km	2 km	2 km	2 km
	Wild Birds*	0	2 km	2 km	2 km	2 km
	Pigs and other species	0	2km	2km	2km	5km

Regardless of the above table, an approved supplier may present for processing animals procured from any land (except land administered by the Department of Conservation) if:

- (a) the poisons were only poisons in groups 1, 2, or 3 in the table above, and
- (b) the poison was used solely in bait stations that were correctly situated and used; or
- (c) the poison was used solely in buildings that could not be accessed by the applicable animal;
- (d) the poisons used were inaccessible to the animal due to impassable geographical features (such as rivers, sea, cliffs or steep ravines); or
- (e) the animal was not a pig.

To avoid doubt, the above exceptions do not apply to:

- (a) poisons in group 4; and
- (b) land administered by DOC.

\*Wild birds means a ground-living bird including:

- wild turkey (*Meleagris gallopavo*);
- peacock, peafowl (*Pavo cristatus*)
- quail (*Synoicus ypsilophorus*)
- pheasant (*Phasianus colchicus*); and
- guinea fowl (*Numida meleagris*)

**5. Electronic Submission.**

This statement may be provided electronically, but only with the consent of the recipient.
